

Truck Body Experts

Our body shops are equipped to handle all of your commercial truck collision repair or upfit needs.

TRUCK BODY REPAIR FROM A NAME YOU CAN TRUST

As full service body shops, we understand the struggles of having a truck out of service and dealing with warranties and insurance claims. We have the tools and the experience needed to manage collision repairs as well as body upfits and swaps, chassis and truck modifications, painting and graphics.

Full Service Collision Centers | Major and Minor Repairs | Body Upfits and Swaps | Insurance Claim Work

When it comes to **Keeping Customers on the Road**, we deliver on our promise.

Why Bergey's Collision?

We strive to provide you with accurate estimates, with knowledgeable and skilled repair technicians following professional repair processes and quick access to OEM and aftermarket parts needed to minimize downtime and get you back on the road.

While we service all makes and models of heavy, medium, and light duty trucks, you have the added benefit of working with an authorized Mack, Volvo, Autocar, Hino, Isuzu, GMC, Ford and Chevrolet dealership for seamless warranty work. And our appraisers are ready to work with your insurance company to ease that process as well, in the unfortunate event of an accident.
