

THE FIRST LINE OF DEFENSE.

EX 100 G3 SERIES EXTREME DUTY

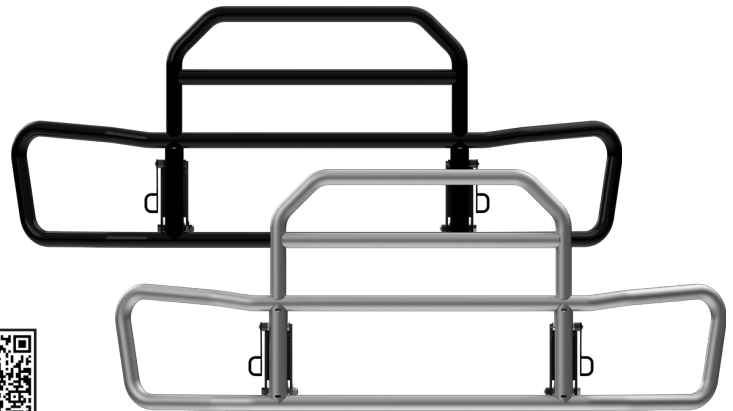

Proven protection. Exceptional value.

The 125G3 helps protect critical front-end components including the grille, radiator, bumper, and lighting systems from costly damage. Built with high-tensile steel construction and Ex-Guard's proven Gen 3 design, it's an ideal choice for fleets looking to balance protection, performance, and value.

For Set-Back Axle Trucks

EX 100 G3 SERIES EXTREME DUTY PLUS

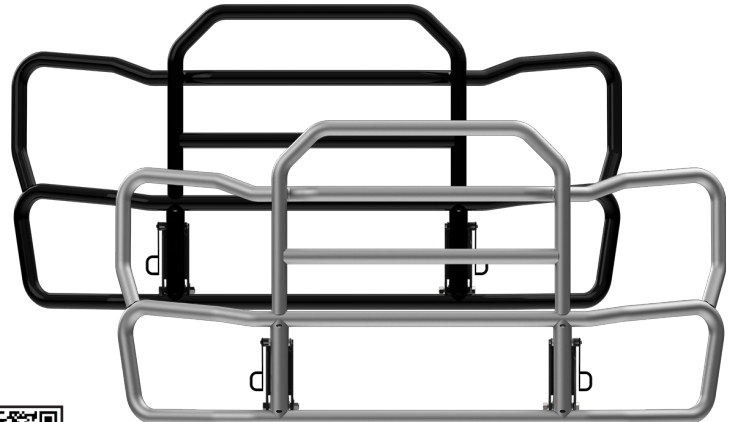

Enhanced coverage for maximum confidence.

When additional protection is a priority, the 150G3 provides more extensive front-end coverage for fleets operating in demanding environments. Designed to help reduce repair costs and keep trucks on the road, it's built for operators who want the highest level of defense available from the EX Series.
