MORE FLEX. LESS HASSLE.

MERITOR®

MFLEX4 by MERITOR®

One pad. Four calipers. Simplified maintenance.

When it comes to air disc brake maintenance, keeping the right parts on hand can be a challenge. That's why the Meritor® MFLEX4™ brake pad was designed to fit four of the most common Class 8 air disc brake calipers with a single pad. The result is less time spent identifying parts, fewer SKUs to stock, and a simpler maintenance process without compromising on performance. Built for the demands of heavy-duty applications, MFLEX4 helps fleets and technicians streamline service and get vehicles back on the road with confidence.

One air disc brake pad that fits the top 4 applications on the market, covering 70-80% of the Class 8 Truck & Trailer Market:

Bendix
ADB22X

WABCO
PAN22

WABCO
MAXXUS

Hendrickson
MAXX22T

Each kit includes:

- (4) Pads
- (4) Springs
- (2) WABCO Pressure Plate Springs
- Bendix Cotter Pin Assembly
- (2) Bendix Adjuster Sheer Nuts
